Purchase order PO-47812

Delivery scope

Configure inventory, purchasing, and general-ledger workflows for three warehouse locations. Warehouse reconciliation must remain auditable across every source document.

Acceptance

Acceptance requires keyboard-operable review, Arabic right-to-left validation, search highlights, downloadable evidence, and a signed operations checklist.

Service window

Delivery occurs between 1 September and 30 November 2026. All values in this fixture are synthetic and carry no commercial obligation.

Search phrase: warehouse reconciliation. The phrase appears on multiple pages so next and previous search navigation can be verified.

Terms and accessibility notes

- 1 Payment is due within 30 calendar days of acceptance.
- 2 The document contains selectable text and tagged link annotations for browser-layer testing.
- 3 Page regions, live status announcements, visible focus, and keyboard shortcuts are supplied by the host component.
- 4 External links require explicit host permission and can be canceled before navigation.
- 5 PDF scripting is not required by this document and must remain disabled in the viewer.
- 6 Warehouse reconciliation is reviewed again during month-end close.

Approval form

These AcroForm controls are intentionally inactive unless AllowFormFields is enabled by the host application.
